

Coriel Introduction

RFID Innovation Express 2010

Sept 2010

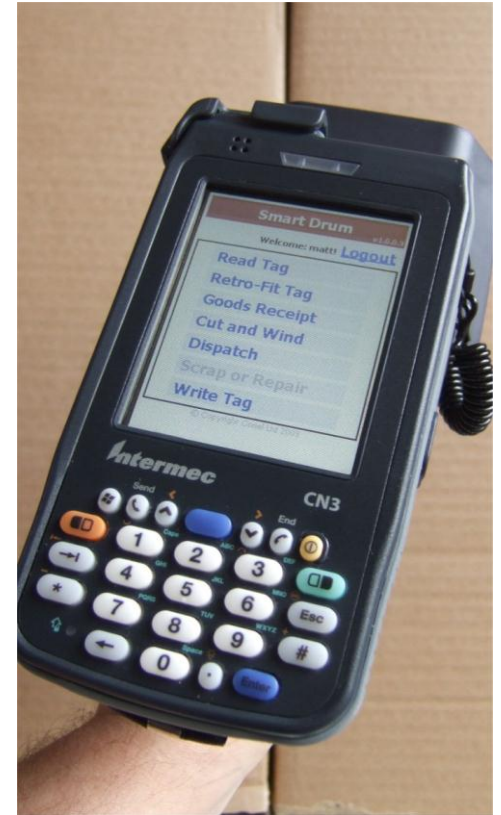

David Nettleton Coriel Ltd.

Coriel Ltd.

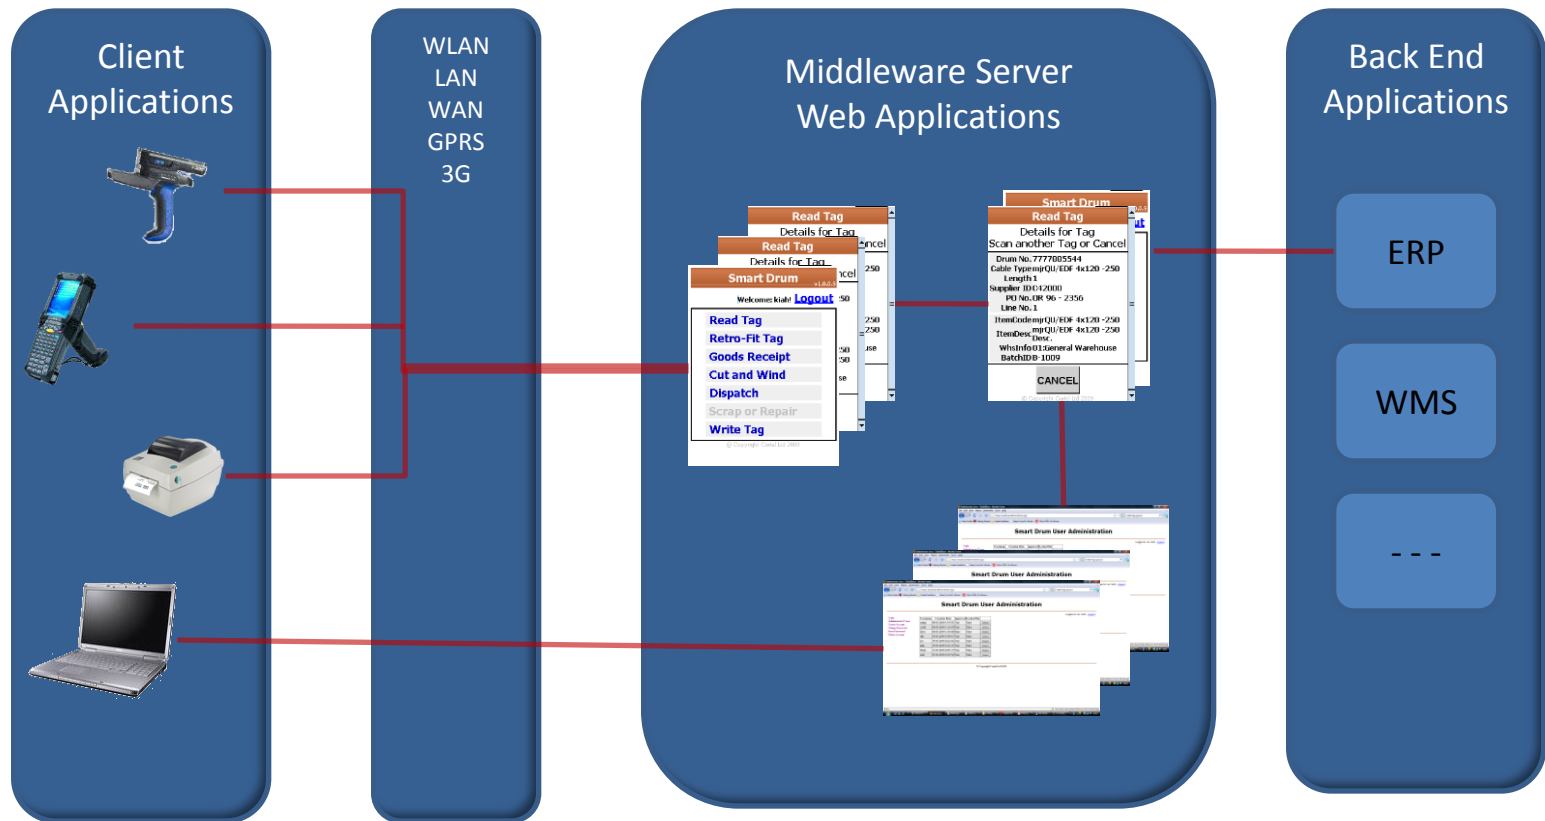

- Based in Nottingham, at the centre of the UK
 - Three founders with 50+ years successful R&D experience
- We aim to solve business problems with a complete solution using the right technology.
- We focus on the customer's problem rather than the technology of the solution.
- We are engineers and innovate but we always remember to take the customer with us.

SMARTDrum™ Cable Drum System

- Fully integrated solution with live SAP connection
- Completely replaces paper based processes
- Significantly reduces processing errors
- Significantly improves quality of recorded data
- Scalable and managed remotely
- Electronic B2B data transfer
